## Parliamentary Notice Royal Assent

THE PROVINCE OF ONTARIO

Toronto, Thursday, December 16th, 1976.

11.15 o'clock p.m.

The Honourable the Lieutenant Governor of the Province entered the Chamber of the Legislative Assembly and took her seat upon the Throne.

Mr. Speaker addressed Her Honour in the following words:—

"May it please Your Honour:

The Legislative Assembly of the Province has at its present Sittings thereof passed certain Bills to which, in the name and on behalf of the said Legislative Assembly, I respectfully request Your Honour's Assent."

The Clerk Assistant then read the titles of the Bills that had passed as follows:—

"The following are the titles of the Bills to which Your Honour's Assent is prayed:

Bill 131, An Act respecting Farm Income Stabilization.

Bill 135, An Act to provide for the limited inclusion of Grapes grown outside Ontario in Ontario Wine.

Bill 139, An Act respecting Employees' Health and Safety.

Bill 168, An Act to amend The Corporations Tax Act, 1972.

Bill 169, An Act to amend The Income Tax Act.

Bill 170, An Act to amend The Retail Sales Tax Act.

Bill 171, The Funeral Services Act, 1976.

Bill 187, An Act to amend The Regional Municipality of Hamilton-Wentworth Act, 1973.

Bill 189, An Act to establish the Unified Family Court.

Bill 190, An Act to amend The Judicature Act."

To these Acts the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:

"In Her Majesty's name, the Honourable the Lieutenant Governor doth assent to these Bills."

Mr. Speaker then said:—

"MAY IT PLEASE YOUR HONOUR:

We, Her Majesty's most dutiful and faithful subjects, the Legislative Assembly of the Province of Ontario, in Session assembled, approach Your Honour with sentiments of unfeigned devotion and loyalty to Her Majesty's person and Government, and humbly beg to present for Your Honour's acceptance a Bill intituled, "An Act for granting to Her Majesty certain sums of money for the Public Service for the fiscal year ending the 31st day of March, 1977."

To this Act the Royal Assent was announced by the Clerk of the Legislative Assembly in the following words:—

"The Honourable the Lieutenant Governor doth thank Her Majesty's dutiful and loyal Subjects, accept their benevolence and assent to this Bill in Her Majesty's name."

The Honourable the Lieutenant Governor was then pleased to deliver the following gracious speech:—

Mr. Speaker and Members of the Legislative Assembly:

I am pleased to address you at the close of this Third Session of the Thirtieth Parliament of Ontario.

More than 80 Bills have been granted Royal Assent during this period. Among them, the new Employees' Health and Safety Act has brought into force key recommendations of the Royal Commission on the Health and Safety of Workers in Mines. The provisions enacted so far include establishment within a single ministry—the Ministry of Labour—of all responsibility for occupational health and safety legislation. Further plans are in progress to extend the application of the proposals at the core of the report to include industrial safety and construction safety, and to produce in a comprehensive omnibus Bill an occupational health code for working men and women throughout Ontario.

New legislation was introduced in the fall to establish a fairer and firmer structure of law in dealing with matrimonial property and in providing for support in cases of marriage breakdown. These family law reforms are the culmination of years of study and consultation based on recommendations of the Ontario Law Reform Commission. Passage of the legislation has been postponed to allow more time for responses from interested parties and for further review.

The establishment of a commodity income stabilization program, as provided for in the new Farm Income Stabilization Act, is a vital step in protecting the future of farming and food production.

Royal Assent was given to legislation on warranty plans for new homes, to protect purchasers against added costs and inconvenience caused by poor construction workmanship. These provisions take full effect at the end of this year.

To help meet the demand for housing in Ontario, the provincial Housing Action Program, originally scheduled to end in March 1976, was extended for another year. The scope of the Ontario Home Renewal Program, designed to help low and moderate income homeowners, has been broadened to include rental accommodation. The provincial Rent Review Program, established in 1975, has been successful in stemming rapid rent increases faced by many tenants in recent years, and in keeping rents in line with anti-inflation objectives.

Following the Ontario Budget of April 6, a Property Tax Reform Commission was appointed, under the chairmanship of Mr. Willis Blair. Public hearings have been in progress since June, and the Commission is expected to report in the new

year. The reforms will seek to achieve a new system of taxation, based on a province-wide standard for the assessment of property, and one which Ontario's taxpayers will see as more equitable and more efficient.

New Select Committees of the Legislature have been appointed to investigate highway safety, transportation of goods and corporation law, and to review reports of the Ombudsman.

The House also received the final report of the Select Committee on Ontario Hydro's proposed bulk power rates.

At the Federal-Provincial energy price negotiations, Ontario put forward the position that any price increase be related to production costs and to increasing the incentive to develop and expand energy production. It was, and remains, the Government's stand that energy cost increases should not be used as a means of providing additional revenues for governments at the consumer's expense.

At the same time, the Government of Ontario is aware of its responsibility in ensuring that, throughout the province, efforts be made to conserve all forms of energy in everyday use. Ontario's energy management program to achieve savings in all sectors of the economy is well under way.

Over the past year, potential industrial energy savings of more than \$15.6 million have been identified by the Ministry of Industry and Tourism's "energy bus" in its province-wide travels. Insulation requirements for housing to help conserve energy have been defined in the new Ontario Building Code which came into effect on April 1st. Energy Conservation Week, observed from October 31 to November 6, had appreciable results in schools, businesses and municipalities throughout the province.

A new 5-year agreement between Ontario and the Federal Government, signed March 12, ensures fulfilment of continuing obligations on Canada and the United States to improve the quality of the Great Lakes. The agreement includes provision for prior consultation between Canada and Ontario on all proposals for discussion with the United States, and places greater emphasis than before on environmental assessment and protection.

Within the province, it has been the expressed policy of the Ontario Government to ensure thorough consultation with the public in issues of major long-term significance. The province's economic priorities and their projection to the end of the anti-inflation program and beyond are among several such questions now facing all Ontarians.

As announced recently, the Government will be inviting representatives of Ontario's labour, business, consumer, agricultural and social organizations to participate in conference, next February 10 and 11,

to be entitled "Partnership for Prosperity". The conference will provide a forum for discussion on the future direction of the provincial economy and the post-controls period.

The management of growth is another important question with longer-term implications. The Government has taken steps to stimulate public discussion on the subject with the publication, in April, of eight reports relating to provincial and regional development and the pattern of future life in the province. A covering statement, *Ontario's Future: Trends and Options*, outlines basic elements of a broad planning strategy for the province and indicates the Government's priorities.

Ontario's First Environmental Assessment Board was appointed in April to perform the essential function of reviewing assessments of major public development projects that may have significant effects on the environment. The new Board also assumed the activities of the Environmental Hearing Board under The Environmental Protection Act and The Ontario Water Resources Act.

In October, terms and conditions for the proposed development of a new integrated forest industry complex in Northwestern Ontario created a framework for the most intensive environmental evaluation of this kind for any undertaking by the private sector. This review, under the provisions of The Environmental Assessment Act, 1975, will be undertaken by Mr. Justice Patrick Hartt. The scope of the inquiry will encompass the social, cultural and economic interests of Northern residents. Ultimate approval of the projected enterprise will depend on proposals for a comprehensive forest management program, satisfactory environmental safeguards and the protection of Native rights. If approved, the project anticipates an investment of \$400 million and the creation of some 1,200 new jobs.

New regulations, effective April 1st, established stricter eligibility criteria for general welfare assistance recipients, including a requirement to seek employment. The stipulation is intended to encourage recipients to regain a measure of self-reliance, as well as to prevent abuses to the system.

On the same date, guaranteed annual income levels in Ontario were adjusted to ensure that the full benefits of federal old age security and guaranteed income supplement increases were passed on to Ontario GAINS recipients. The minimum wage in Ontario was raised on March 15 to a general rate of \$2.65 per hour, and to \$2.90 an hour for construction industry employees.

The problems of continuing inflation have been squarely challenged. The judgement of the Supreme Court of Canada in favour of the national anti-inflation program, and subsequent legislative endorsement by Members of this House for Ontario's involvement in the program, enabled the Province to pursue several necessary initiatives.

The Government looks to all citizens to place continued emphasis on economic prudence and restraint in the larger interest of the public good. The Province's preliminary budgetary plans for 1977 have been placed before the Legislature. Municipalities, school boards and government-funded bodies have been advised well in advance of levels of support that will be forthcoming in provincial transfers so that an even better job of planning ahead may be achieved for the new year.

Rounds of talks at the First Ministers' level have placed renewed focus on patriation of Canada's Constitution and on Federal-Provincial fiscal arrangements. The former issue affects all Canadians as individuals, inasmuch as it affects all Canadians of Canada as a nation, and it is the view of the Ontario Government that the public must have every opportunity to be fully informed as matters progress. On the latter subject, new revenue-sharing terms for the next five years, beginning April 1st, 1977, were agreed on with the Government of Canada in discussions in Ottawa this week.

Canadians everywhere shared in the success of the Games of the XXI Olympiad in Montreal in July. Ontario played a part in staging the Games by holding qualifying tournaments in several cities, and was honoured with a visit by Her Majesty Queen Elizabeth II to the sailing competitions at Kingston.

Honourable Members, the record of achievement during the course of this Session has been substantial. I thank you, in our Sovereign's name, for your loyalty in carrying out your duties, and I wish you all a safe and happy holiday season.

I now declare this Session prorogued.

God bless the Queen and Canada.

The Government House Leader then said:—

*Mr. Speaker and Members of the Legislative Assembly:*

It is the will and pleasure of the Honourable the Lieutenant Governor that this Legislative Assembly be prorogued and this Legislative Assembly is accordingly prorogued.

RODERICK LEWIS, Q.C.,  
Clerk of the Legislative Assembly  
of Ontario.

(10) Where a plan has an initial unfunded liability or an experience deficiency and the requirements with respect to special payments under this Regulation differ from those under the legislation of any designated province or of the Government of Canada to which the plan is also subject, the Commission may permit an appropriate variation from the requirements of this section with respect to the funding required. O. Reg. 1005/76, s. 2 (3), *part.*

4. The said Regulation is amended by adding thereto the following sections:

4a.—(1) In this section,

(*a*) “funded ratio” means the ratio of assets of a pension plan to the liabilities of the plan as determined from a test valuation;

(*b*) “target ratio” when applied to a pension plan, is the funded ratio at the last valuation date of the plan, increased by 1/15th of the unfunded ratio at that date for each year between the last valuation date and the current valuation date;

(*c*) “test valuation” means an actuarial valuation of a pension plan on the accrued benefit method to determine the value at a particular time of all pension and other benefits required to be paid under the terms of the plan in respect of services rendered by employees and former employees to that time, performed in accordance with this section;

(2) Where the report of an actuary is required pursuant to sections 3, 4 or 9, the actuary may determine the experience deficiency of the plan by performing a test valuation in addition to the regular valuation.

(3) In making a test valuation, the actuary shall determine the amount of the accrued pensions, the other accrued benefits and the pensions and other benefits in payment in a manner consistent with the terms of the plan and the actuary shall employ assumptions consistent with a regular valuation provided that,

(*a*) the effect of any amendment to the pension plan since the last valuation date shall not be considered in making the test valuation but shall be included in any subsequent test valuation;

(*b*) the rate of interest assumed shall not exceed 6 per cent;

(*c*) no withdrawal from service shall be assumed other than by death, disability or retirement;

(*d*) where pension benefits are based on final earnings or the best average earnings within a limited number of years, the earnings for the test valuation shall not be less than the current earnings at the valuation date;

(*e*) where the pension benefits are integrated with pensions payable under the *Old Age Security Act* (Canada), the Canada Pension Plan or the Quebec Pension Plan, the

accrued pension benefits under such plans shall be determined on a basis acceptable to the Commission without regard to future increases to such federal or provincial pensions;

- (f) where employee contributions are required by the plan or permitted on a voluntary basis, the value of the regular and voluntary benefits held with respect to an employee shall not be less than the value of his own contributions together with interest thereon at a rate appropriate to the plan; and
  - (g) the assets of the plan shall be valued on a basis consistent with the regular valuation and on a basis acceptable to the Commission.
- (4) Where the funded ratio of a plan is equal to or greater than 1.00, it is deemed that no experience deficiency exists.
- (5) Where the funded ratio is less than 1.00 the experience deficiency is deemed to be the amount if any by which the assets of the pension plan need to be augmented in order that the funded ratio would equal the target ratio.
- (6) In determining the target ratio, the actuary shall determine the funded ratio at the last valuation date, recomputed if necessary to indicate the effect of any amendment not considered pursuant to clause *a* of subsection 3, and,
- (a) where the funded ratio at the last valuation date is greater than 1.00 reduce the funded ratio to 1.00;

#### NOTICE OF MOTION

TAKE NOTICE that a motion will be presented to the Ontario Highway Transport Board on a date to be fixed by the Ontario Highway Transport Board for an Order pursuant to Section 17 of *The Ontario Highway Transport Board Act*:

1. Directing a re-hearing of the applications of Queensway Tank Lines Limited heard by a panel of the Ontario Highway Transport

Board consisting of Messrs. D. D. Diplock and E. M. Walker, on the 23rd day of September, 1976; and

2. Directing that the re-hearing permit the applicant to present vive voce testimony in support thereof before a panel of the Ontario Highway Transport Board consisting of other than Messrs. D. D. Diplock and E. M. Walker.

AND TAKE NOTICE that this motion is being brought on the following grounds:

- (a) That the presiding panel erred insofar as it failed to consider that the complement of licensed carriers, the need for whose services had been proven in the past, had been voluntarily reduced by all carriers, save the respondent, disclaiming any interest in transporting the product in question; and
- (b) That said disclaimer of interest resulted in a change in the status quo which had heretofore been recognized in order to meet the needs and convenience of the public, both present and future, and of which the presiding panel failed to take notice in accordance with Section 16 (b) of *The Statutory Powers Procedure Act*, S.O. 1971, Chapter 47.

AND TAKE FURTHER NOTICE that in support of this motion will be read the decision of the Ontario Highway Transport Board herein together with the reasons for decision of the Ontario Highway Transport Board dated November 8th, 1976 and will be heard counsel for the applicant.

Dated at Toronto this 8th day of December, 1976.

IN THE MATTER OF *The Public Commercial Vehicles Act*, R.S.O. 1970, Chapter 375; and

IN THE MATTER OF the *Motor Vehicle Transport Act*, R.S.C. 1970, Chapter M-14; and

IN THE MATTER OF a Review by the Ontario Highway Transport Board pursuant to the provisions of *The Ontario Highway Transport Board Act*, R.S.O. 1970, Chapter 316, and of the certificates

leading to the issuance of licences numbered X-426 and A-52, to Direct Winters Transport Limited.

## NOTICE OF MOTION

TAKE NOTICE that Direct Winters Transport Limited intends to move the Ontario Highway Transport Board on a date to be fixed by the Board for a further Review of the terms of the certificates which led to the issuance of licences numbered X-426 and A-52 in the light of an order by the Board dated the 2nd day of November, 1976, imposing certain restrictions upon the licence authority of Direct Winters Transport Limited licence No. X-426 not contained in the original certificate of the Board, which was the subject of the Review pursuant to which the said order purports to have been made.

The Notice of Review, as a result of which the Board's Order of 2 November, 1976, was made, required the reviewee, Direct Winters Transport Limited, "to show cause why its certificates should not be amended or revoked by reason of operations contrary to its authority. The operations are, more specifically, providing a direct service between points in the Province of Quebec and Cornwall and between Montreal and Ottawa".

Direct Winters Transport Limited intends to submit upon the hearing of a further Review that under and pursuant to the Order requiring a review, the Board was restricted to considering any evidence with respect to the provisions of a *direct* service by the reviewee between the Province of Quebec and Cornwall and between Montreal and Ottawa and in the event that it found the reviewee was conducting a *direct* service between the Province of Quebec and Cornwall and between Ottawa and Montreal contrary to the provisions of its licences numbered X-426 and A-52, to make such an order as might be appropriate in the circumstances to prevent a recurrence of any *direct* operation found to be contrary to the terms of the certificates which led to the issuance of the said licences numbered X-426 and A-52.

Accordingly, Direct Winters Transport Limited intends to assert upon the hearing of a further review that the Board, on the hearing of the review which led to the order of 2nd November, 1976, as aforesaid, had no jurisdiction to impose upon Direct Winters Transport Limited any restrictions which as it does restricts Direct Winters Transport Limited from engaging in a transportation service *indirectly* between the Province of Quebec and Cornwall and between Ottawa and Montreal.

Direct Winters Transport Limited further intends to submit that the terms of the said Order of November 2nd, 1976 in any event impose new and additional restrictions upon the licence authority of Direct Winters Transport Limited not contemplated in the certificates which led to the issuance of Licences Numbered X-426 and A-52.

In particular:

(1) the only prohibition contained in Licence No. X-426 respecting the carriage of goods between the Province of Quebec and Cornwall, was

PROVIDED there be no carriage of goods *directly* between Cornwall and the Province of Quebec.

Direct Winters Transport Limited intends to submit that it had the right to carry goods *indirectly* between the Province of Quebec and Cornwall and that whatever the Board's jurisdiction to restrain the activities of Direct Winters Transport Limited if it found that the Company was providing a *direct* service between the Province of Quebec and Cornwall (and there was no such allegation by the intervenors) it had not right in equity to impose a further restriction against the lawful activity of Direct Winters Transport Limited, prohibiting the carriage of goods *indirectly* between the Province of Quebec and Cornwall.

(2) There was no prohibition contained in Licence No. X-426 against transfer to any duly authorized carrier at any point common to the licence authority of Direct Winters Transport Limited, Licence No. X-426 and the licence authority of any duly authorized Class 'A' carrier holding Class 'A' authority between that common point and Ottawa.

Direct Winters Transport Limited intends to assert that the Order dated November 2, 1976, adding as it does a restriction on Licence No. X-426, prohibiting Direct Winters Transport Limited from "the carriage of goods directly or indirectly between Ottawa and Montreal" was not contemplated by the original certificate, and imposes upon Direct Winters Transport Limited a general restriction which prohibits it from interlining with itself in a manner not prohibited by the terms of the original certificate, and as well prohibits it from interlining or transferring freight originating at or consigned to Ottawa and moving in Direct Winters Transport Limited service between Montreal at any point in Ontario with any other carrier.

AND TAKE NOTICE that upon the return of this Motion, Direct Winters Transport Limited intends to submit that the further review sought herein be heard and disposed of by a panel of the Board other than the panel which heard the review which led to the Board's Order of November 2, 1976.

In support thereof, Direct Winters Transport Limited intends to assert that there is no factual issue to be determined.

There was no dispute as to the facts; Direct Winters was and is providing a service indirectly between the Province of Quebec and Cornwall by interlining with itself at Brockville, and was and is providing a service between Ottawa and Montreal indirectly by interlining with itself, "tacking" at a point common to its licence Nos. X-426 and A-52.

It will therefor be asserted that the issues involved in any further review ordered as a result of this application are matters of interpretation of licence and can conveniently and most appropriately be heard by another panel of the Board.

#### NOTICE OF MOTION

TAKE NOTICE that Manitoulin Transport Limited, a respondent in the above proceedings applies to this Honourable Board to request the right to re-open the application for the purposes of amending the Certificate issued by this Honourable Board on the 22nd day of November, 1976, to provide that there be no movements of goods under the Certificate to or from the Regional Municipality of Sudbury on the following grounds:

(a) that at the Hearing of the within application there was no evidence of any need for service to or from the Regional Municipality of

Sudbury or in the alternative insufficient evidence to warrant the grant of an authority to service the Regional Municipality of Sudbury or in the alternative that the licence to the City of Sudbury is dormant;

- (b) that the learned panel of the Board erred in granting the extension on the grounds that the applicant is not a fit person to receive the grant on this authority of the basis of outstanding Judgments against the applicant or in the alternative subsequent to the Hearing and prior to the Decision the Applicants fell into serious financial difficulties as evidenced by outstanding Judgments and executions and failed or neglected to advise the Board of these facts;

## NOTICE OF MOTION

TAKE NOTICE that pursuant to Section 17 of *The Ontario Highway Transport Board Act*, R. Martel Express Limitee will move the Ontario Highway Transport Board at such time as the said Board may deem appropriate for an Order directing:

- (a) the Sitting Panel to review its Order dated October 29th, 1976 and/or;
- (b) a rehearing either in whole or in part of the review proceeding heard before the Ontario Highway Transport Board on June 8th, 1976, upon the following grounds:

- (1) The Sitting Panel erred in its interpretation of the operating licences held by the licensee as issued both by the Quebec Transportation Board and the Ontario Highway Transport Board in the following particulars:

- (i) the authority issued by the Ontario Highway Transport Board clearly contemplates a two-way movement of traffic with similar conditions affecting both eastbound and westbound traffic;

- (ii) the Quebec authority held by the licensee also contemplates an eastbound and westbound movement of traffic. In the face of the foregoing language said Panel erred in restricting the ability to transfer at Farnham on eastbound traffic only.

- (2) The Sitting Panel exceeded its jurisdiction in restricting the ability of the licensee to transfer traffic in the Province of Quebec.

- (3) The Sitting Panel erred on the face of the record in its interpretation of the terminology of the reviewed permits.

- (4) The effect of the Board's Order is to terminate a substantial portion of the licensee's business which has been carried on for in excess of eight years.

- (5) And in support of such Notice of Motion shall be heard argument by counsel for the Reviewee.

**Brian L. Frost, Joan H. Frost and William E. Frost,** 24325

IN THE MATTER OF *The Public Commercial Vehicles Act*, R.S.O. 1970, Chapter 375; and

IN THE MATTER OF an application by Brian L. Frost, Joan H. Frost and William E. Frost for an extension to Public Commercial Vehicle Licence No. A-805; and

IN THE MATTER OF a Decision of the Ontario Highway Transport Board dated November 22nd, 1976.

#### NOTICE OF MOTION

TAKE NOTICE that pursuant to Section 17 of *The Ontario Highway Transport Board Act*, Smith Transport Co. Limited, Canadian Pacific Express Limited, and Purolator Courier Ltd.—Purolator Courier Ltee., intend to move the Ontario Highway Transport Board at such time as the Board may fix for an Order directing the sitting panel to review its certificate dated the 22nd day of November, 1976, on the following grounds:

Brian L. Frost, Joan H. Frost, and William E. Frost, o/a Western Dispatch Co. (now Western Dispatch Inc.), is presently the holder of permanent Class 'A' licence authority contained in its licence No. A-805.

The terms of the Board's certificate of November 22, 1976, when read in conjunction with the present permanent licence authority contained in licence No. A-805, are such that it appears that the Board may have intended the certificate of November 22, 1976, to be in substitution for, not in addition to the present licence authority enjoyed by Western Dispatch Inc.

Smith Transport Co. Limited, Canadian Pacific Express Limited, and Purolator Courier Ltd.—Purolator Courrier Ltee., seek the further review of the Board's certificate of November 22, 1976, in order to seek clarification of the circumstances as to whether the Board's said certificate was intended to be in substitution for and not in addition to the present licence authority enjoyed by Western Dispatch Inc. and contained in licence No. A-805 and in the event that the Board should determine that the said certificate was intended to be in addition to and not in substitution for the present licence authority held by Western Dispatch Inc., to seek clarification of the said certificate, particularly that portion thereof which reads:

- (3) under no circumstances can this authority be construed to permit any movement to or from any point east of King's Highway No. 11 or north of King's Highway No. 17,

to determine if the provisions of the said certificate of November 22, 1976, when read in conjunction with the present permanent authority contained in licence No. A-805, which authorizes inter alia "the carriage of goods between Metropolitan Toronto and points in the Province of Ontario" permits the 'tacking' of the licence authority contained in the said certificate of November 22, 1976, to the pre-existing licence authority contained in licence A-805 at Metropolitan Toronto so as to permit the carriage of goods to and from points west of No. 11 Highway from and to points east of the No. 11 Highway, thereby defeating the express prohibition contained in the said certificate of November 22, 1976.

#### AMENDED NOTICE OF MOTION

TAKE NOTICE that Manitoulin Transport Limited, a respondent in the above proceedings, applies to this Board and seeks the right to re-open the application for the hearing of evidence on the following issues:

1. That the Certificates issued by this Honourable Board which resulted in the issuance of public commercial vehicle operating licence No. A-805 and A(T)805(1) be cancelled on the grounds of dormancy in so far as they relate to:
  - (a) the City of Sudbury;
  - (b) the Regional Municipality of Sudbury and at a recent application Counsel for the applicant stated no new service would be initiated.

2. That subsequent to the Hearing of this matter on the 5th, 6th, 8th, 9th, 12th and 13th day of January, 1976 and prior to the grant of the Board's Certificate on the 22nd day of November, 1976 and as of the 23rd day of December, 1976 the licensee's financial position is such that it cannot meet its financial responsibilities to the public and ought not to be the holder of a public commercial vehicle operating licence, in that:

- (a) its liabilities far exceed its assets, to the knowledge of the licensee and such fact has existed since January of 1976;
- (b) it has continuously lost money since January of 1976 and continues to do so;
- (c) it has ceased to meet its liabilities generally as they fall due;
- (d) it has outstanding writs of execution against it;
- (e) there has been at least one return by the Sheriff of *nulla bona*.

3. That the operation envisaged by the grant of this authority is not financially viable.

AND TAKE NOTICE that the respondent, Manitoulin Transport Limited, requests a rehearing by way of argument on the issue that no evidence of public necessity or convenience was called with respect to the Regional Municipality of Sudbury and that insofar as the Certificate issued which grants authority to that place be revoked.

AND TAKE NOTICE FURTHER that in support of this application will be read the documents had in these proceedings, the evidence adduced, the exhibits filed or therein referred to, Sheriff's Certificates issued out of the County of York and the County of Peel, the material in the Board's files and such further and other material as Counsel may advise and this Honourable Board may permit.

## THE ENVIRONMENTAL ASSESSMENT ACT, 1975

### Exemption Section 30

Having received a request from Urban Transportation Development Corporation Ltd. and the Ontario Transportation Development Corporation hereinafter referred to as "UTDC" and "OTDC" respectively, both public bodies reporting to the Minister of Transportation and Communications, that an undertaking namely:

The Activity of carrying out that portion of UTDC and OTDC's program of construction and development consisting of the following:

- (a) acquisition of land and the construction of a systems test facility;
- (b) the testing and development of transportation systems at the test facility;

be exempted from the application of the Act pursuant to Section 30; and

Having been advised that if the undertaking is subject to the application of the Act the following injury, damage or interference with the persons and property indicated will occur:

1. OTDC and UTDC will be damaged by an increase in the costs of, and interfered with by the delay in a project which was already well advanced prior to the Act being proclaimed in force, the project planning having been completed, the site having been chosen, surveys having been made and contracts having been executed and
2. the public will be interfered with and damaged by a delay in a program designed for the provision of safe, convenient, and environmentally acceptable forms of public transportation, and to which the Ministry of Transportation and Communications has made a public commitment.

Having weighed such injury, damage or interference with the betterment of the people of the whole or any part of Ontario by the protection, conservation and wise management in Ontario of the environment which would result from the undertaking being subject to the application of the Act;

I am of the opinion that it is in the public interest to order and do order that the undertaking is exempt from the application of the Act for the following reasons:

1. The undertaking was well underway before the Act came into force and had reached a sufficiently advanced stage that the interference with the development program of the OTDC and UTDC which would be caused by the application of the Act would be undue; and
2. The undertaking is unlikely to have a significant adverse effect on the environment and will provide for research into the environmental effects of transit systems;
3. The undertaking is for the safety, comfort and convenience of the public in that it will assist in the development of more effective and efficient public transit systems.

This exemption is subject to the following terms and conditions:

The construction of the undertaking be completed not later than the 1st day of January, 1980.

This order comes into force and has effect on and after the date it is signed.

Dated this 12th day of January, 1977.

GEORGE A. KERR

## Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

### CORPORATION OF THE COUNTY OF RENFREW

#### Note

The use of tetracyclines during tooth development (last half of pregnancy, infancy and childhood to the age of 8 years) may cause permanent tooth discoloration (yellow-gray-brown). This reaction is more common during long-term use of the tetracyclines, but has been observed following short-term courses. Enamel hypoplasia has also been reported. Tetracycline drugs, therefore, should not be used in this age group unless other drugs are not likely to be effective or are contraindicated.

Hypertension - Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p 8 (FDA Cardiovascular Advisory Committee).

#### Hypertension - Fixed Combination Drugs

A fixed combination drug is not indicated for initial therapy of hypertension. Hypertension requires therapy titrated to the individual patient. Recognizing this, if the fixed combination drug meets that titrated dose of its individual components, its use may be more convenient in the management of the individual patient. The treatment of hypertension is not static, it must be re-evaluated as conditions in each patient warrant. Adapted from F-D-C Reports, Sept. 11, 1972, p.8 (FDA Cardiovascular Advisory Committee).

## Basic Rules and Instructions for the Property, Sales and Pensioner Tax Credits

### Property Tax Credit

The Ontario Property Tax Credit may be claimed by all individuals resident in Ontario on 31st December, 1976,

#### *except*

- (a) persons under age 16 at the end of 1976, and
- (b) persons under age 21 at the end of 1976, who live at home and are claimed as dependants.

The property tax credit must be claimed by the spouse having the higher taxable income.

Only the property tax or rent paid in respect of your **principal residence** may be included in determining occupancy cost.

Property tax or rent paid in respect of a second residence or cottage must not be included in occupancy cost.

Receipts for 1976 rental payments or property tax bills are not required to be filed with the return but must be retained for examination on request. Receipts must be submitted for rentals and property tax bills applicable to prior taxation years which were paid in 1976.

### Sales Tax Credit

The Ontario Sales Tax Credit may be claimed by all individuals resident in Ontario on 31st December, 1976,

#### *except*

- (a) persons under age 16 at the end of 1976, and
- (b) persons claimed as dependants for income tax purposes by any other person resident in Ontario.

### Pensioner Tax Credit

The Ontario Pensioner Tax Credit may be claimed by all individuals resident in Ontario on 31st December, 1976, who are age 65 or over at the end of 1976, *except* for a married couple both of whom are age 65 or over at the end of that year living in the same principal residence; in which case only the spouse with the higher taxable income is entitled to claim this credit.

Where both spouses are 65 or over and neither spouse has a taxable income, the Pensioner Tax Credit must be claimed by the same spouse who is claiming the Property Tax Credit, except when no Property Tax Credit is being claimed; in which case either spouse, but not both of them, may claim the Pensioner Tax Credit.

Where only one spouse is 65 years of age or over, that spouse may claim the credit.

### Principal Residence

'Principal residence' means the housing unit which was ordinarily occupied or inhabited during the taxation year. Principal residence includes a temporary residence such as a hotel room which was occupied continuously by the individual for all or part of the year, and also includes a mobile housing unit such as a trailer which was used as the principal residence of the individual. For persons who move, the principal residence includes all housing units (or addresses in Ontario) occupied or inhabited by the person during the taxation year.

Annual property taxes or annual rent must be prorated to cover only the period of occupancy as a principal residence.

### Occupancy Cost

'Occupancy cost' means

- (a) the total property tax paid in respect of the principal residence for the taxation year (*do not include mortgage principal and interest payments*), or
- (b) 20% of the total rent (excluding any amount paid for meals or board) paid in respect of the principal residence for the taxation year.

### Spouse Having the Higher Taxable Income

Where husband and wife reside in the same principal residence, the Ontario Property Tax Credit and/or Pensioner Tax Credit must be claimed by the spouse having the higher taxable income, regardless of the registered ownership of the principal residence.

### Marriage in the Year

In calculating occupancy cost where a marriage has occurred during the year, the claimant **who is the spouse with the higher taxable income** may include all of the following:

- (a) the rent or property tax paid for the part of the year prior to marriage,
- (b) the spouse's rent or property tax paid for the part of the year prior to marriage, and
- (c) the rent or property tax paid during the period of marriage.

### Post-secondary School Students

Where the principal residence of an individual who is a full-time post-secondary school student is in a residence (prescribed by Regulations) of an Ontario university or college, the occupancy cost in respect of such residence is limited to \$25.

## RÉGIME DE CRÉDITS D'IMPÔT DE L'ONTARIO

Ce programme est financé par l'Ontario.

Les crédits d'impôts fonciers, de taxe sur les ventes et d'impôt aux pensionnés visent à rendre plus équitables les systèmes d'imposition provinciaux et municipaux, en tenant compte de la capacité contributive du particulier. ## Règles et indications générales concernant les crédits d'impôts fonciers, de taxe sur les ventes et d'impôt aux pensionnés

### Crédit d'impôts fonciers

Le crédit d'impôts fonciers de l'Ontario peut être demandé par tous les particuliers qui étaient résidents de l'Ontario le 31 décembre 1976,

#### sauf

- a) les personnes âgées de moins de 16 ans à la fin de 1976, et
- b) les personnes âgées de moins de 21 ans à la fin de 1976 qui habitent à la maison et sont déclarées à charge.

Le crédit d'impôts fonciers doit être demandé par le conjoint ayant le revenu imposable le plus élevé.

Pour déterminer le coût d'habitation, vous ne devez compter que l'impôt foncier ou le loyer de votre **résidence principale**.

Vous ne pouvez faire entrer dans le coût d'habitation l'impôt foncier ni le loyer d'une deuxième résidence ou d'un chalet.

Vous n'êtes pas tenu de produire avec la déclaration les reçus de loyers ou d'impôts fonciers pour 1976, mais vous devez pouvoir les produire sur demande. Cependant, vous êtes tenu de produire les reçus de loyers et d'impôts fonciers payés en 1976 qui se rapportent à des années d'imposition antérieures.

### Crédit de taxe sur les ventes

Quiconque résidait en Ontario le 31 décembre 1976 peut demander le crédit de taxe sur les ventes de l'Ontario, **sauf**

- a) les personnes âgées de moins de 16 ans à la fin de 1976, et
- b) les personnes déclarées à charge aux fins de l'impôt sur le revenu par tout autre résident de l'Ontario.

### Crédit d'impôt aux pensionnés

Toute personne qui était âgée de 65 ans ou plus à la fin de 1976 et qui résidait en Ontario le 31 décembre 1976 peut demander le crédit d'impôt aux pensionnés de l'Ontario, **sauf** que, dans le cas où le mari et la femme étaient âgés tous deux de 65 ans ou plus à la fin de l'année et habitaient la même résidence principale, seul le conjoint ayant le revenu imposable le plus élevé peut demander ce crédit.

Lorsque les deux conjoints sont âgés de 65 ans ou plus et qu'aucun n'a un revenu imposable, le crédit d'impôt aux pensionnés doit être demandé par le conjoint qui demande le crédit d'impôts fonciers, mais si aucun n'a demandé le crédit d'impôts fonciers, le crédit d'impôt aux pensionnés peut être demandé par l'un ou par l'autre, mais non par les deux. Lorsqu'un seul des conjoints est âgé de 65 ans ou plus, c'est ce conjoint qui peut demander le crédit.

### Résidence principale

La «résidence principale» désigne le logement que l'on a habituellement occupé ou habité pendant l'année d'imposition. Elle comprend une résidence temporaire, par exemple une chambre

d'hôtel que le particulier a occupée de façon continue pendant la totalité ou une partie de l'année, et comprend également un logement mobile, comme une roulotte, lui ayant servi de résidence principale. Dans le cas d'une personne qui déménage, la résidence principale comprend tous les logements (ou les adresses en Ontario) qu'elle a occupés ou habités pendant l'année d'imposition.

On doit faire un calcul proportionnel du montant annuel des impôts fonciers ou du loyer afin de ne compter que la période pendant laquelle un logement a servi de résidence principale.

### Coût d'habitation

Par «coût d'habitation», il faut entendre

- a) la totalité de l'impôt foncier versé à l'égard de la résidence principale pour l'année d'imposition (**à l'exclusion des paiements de capital et d'intérêts sur hypothèque**), ou
- b) 20% du loyer total (à l'exclusion de tout montant payé pour les repas ou la pension) versé à l'égard de la résidence principale pour l'année d'imposition.

### Conjoint ayant le revenu imposable le plus élevé

Lorsque les conjoints habitent la même résidence principale, le crédit d'impôts fonciers et (ou) le crédit d'impôt aux pensionnés de l'Ontario doivent être demandés par le conjoint ayant le revenu imposable le plus élevé, quel que soit celui qui détient le titre de propriété de la résidence principale.

### Mariage au cours de l'année

Pour calculer le coût d'habitation lorsqu'un mariage est survenu au cours de l'année, le conjoint qui demande le crédit (**celui qui a le revenu imposable le plus élevé**) peut inclure tout ce qui suit:

- a) le loyer ou l'impôt foncier payé pour la partie de l'année avant le mariage,
- b) le loyer ou l'impôt foncier payé par son conjoint pour la partie de l'année avant le mariage,
- c) le loyer ou l'impôt foncier payé au cours de la période du mariage.

### Personnes qui poursuivent des études de niveau post-secondaire

Lorsque la résidence principale d'un particulier qui poursuit à plein temps des études de niveau post-secondaire se trouve dans un logement (prescrit par les Règlements) tenu par une université ou un collège de l'Ontario, le coût d'habitation à l'égard de ce logement est limité à \$25.

The Board orders that a rehearing of application for Class ‘A’ operating authority originally heard in May and November, 1975, take place on Friday, the 1st day of April, 1977, at its Chambers, Britannica House, 151 Bloor Street West, 10th Floor, Toronto, Ontario, at 10 a.m. (E.S.T.) and be restricted to argument to be presented on the following grounds:

- (1) The Applicant further intends to submit that the Board erred in inserting a proviso to its certificate granting the Kent County Portion of the Class ‘A’ application requiring the Applicant to provide heated or refrigerated

service for Less Truck Load shipments 5 days a week. There was no evidence of any requirement for a refrigerated service in Less Truck Load traffic or at all, nor does the Applicant nor any of the respondents provide such a service. The evidence was solely concerned with the lack of a heated service 5 days a week and the necessity therefor.

- (2) The Applicant further intends to submit that the Board erred and was inconsistent in inserting a proviso to its certificate granting the Kent County Portion of the Class 'A' licence requiring that the licensee file a decrease in rates for minimum shipments to compete with Courier or Express Services now operating within the County. The Applicant gave evidence that if the licence authority were granted as applied for it would be able with the geographic coverage thus afforded to institute a rate structure competitive with the Courier or Express Services on small shipments. The Board in granting 'A' authority in Kent County subject to the above-mentioned proviso clearly found it in the public interest that a Class 'A' carrier, the Applicant, introduce a rate structure competitive with the Courier and Express Services and was inconsistent in confining the certificate to Kent County alone and not extending the same to include Essex County.

Secretary.

## Treasurer's Sale of Lands for Taxes

Each year, municipal and county treasurers compile a list of properties against which taxes are outstanding for at least two successive years, which is a period sufficient to permit sale of the owner's assets to reimburse the municipality. These lists are submitted by the municipal representative to the Ministry of Government Services for publication in THE ONTARIO GAZETTE.

The Gazette is published every Saturday. Tax sale lands are included only in the issue of the first Saturday of each month. Each property is described so that it may be properly identified. Also shown are the amount of tax arrears and costs, and the date, time and place where the sale will be held, which is usually in a public building in the locality. Sales are held three months or later following the date of publication in the Gazette and are subject to a reserve bid equal to the amount of tax arrears and costs.

The previous owner may by law redeem the property any time within one year and one day after the date of tax sale by paying to the municipality all arrears plus costs levied. Where redemption occurs, the municipality reimburses the purchaser of tax sale lands for the amount paid at the sale plus an additional amount to be determined in each case.

If the land is not redeemed in the manner described above, the purchaser at sale, receives from the municipality a tax deed or certificate which should be registered in the appropriate Land Titles or Registry Office. A purchaser should ascertain from either of these offices, information relating to any of the charges or liens against the land and consider the advisability of employing the services of a solicitor to determine the extent, if any, of his liability.

The foregoing applies to tax sale lands which were privately owned. In the event the land is the property of the Crown as represented by the Province of Ontario, only the improvements on the property, such as buildings, may be sold. In this case, an intending purchaser should for his own protection ascertain from the local office of the Ministry of Natural Resources whether or not the land or any part can be purchased or leased from the Ministry. If it cannot, then the purchaser of the improvements would be required to remove them from the land.

In some cases, land advertised for sale in the Gazette may be bought by the municipality, or the owner, prior to sale, may pay the tax arrears and costs. Where this occurs, the land is removed from the tax sale lists.

Form 1

*The Crop Insurance Act (Ontario)*

CONTRACT OF INSURANCE

Between:

THE CROP INSURANCE COMMISSION OF ONTARIO, hereinafter referred to as "THE COMMISSION",

OF THE FIRST PART;

—and—

.....  
of the.....of.....  
in the County (or as the case may be) of  
....., hereinafter referred to  
as "THE INSURED PERSON",

OF THE SECOND PART;

WHEREAS the insured person has applied for crop insurance on plums under The Ontario Crop Insurance Plan for Plums, hereinafter referred to as "the plan".

NOW THEREFORE, subject to *The Crop Insurance Act (Ontario)*, and the regulations made thereunder where in a crop year the insured person suffers a loss in the production of plums resulting from one or more of the perils designated in the plan, the Commission, subject to the terms and conditions hereinafter set forth, agrees to indemnify the insured person in respect of such loss.

TERMS AND CONDITIONS

INSURED CROP

1. In this contract, "insured crop" means all varieties of plums produced in Ontario.

CAUSES OF LOSS NOT INSURED AGAINST

2. This contract does not insure against, and no indemnity shall be paid in respect of a loss resulting from,

- (a) the negligence, misconduct or poor farming practices of the insured person or his agents or employees;
- (b) a shortage of labour or machinery;
- (c) insect infestation or plant disease; or
- (d) a peril other than the perils designated in the plan.

## EXTENT OF INSURANCE

3.—(1) The insured person shall offer for insurance all acreage planted to the insured crop on the farm or farms operated by him in Ontario, and, subject to subparagraph 2, this contract applies to all such acreage.

(2) This contract does not apply to, and no indemnity is payable in respect of, acreage planted to the insured crop,

- (a) that was not adequately prepared for cropping purposes; or
- (b) that, in the opinion of the Commission, is not insurable.

4.—(1) All insured acreage shall be harvested unless the Commission, upon application therefor in writing, consents in writing to the abandonment or destruction of the insured crop or any part thereof and, in such case, the Commission shall determine,

- (a) the potential production of the unharvested acreage; and
- (b) whether the harvesting was prevented by one or more of the perils insured against.

(2) Where an insured person fails to obtain the consent of the Commission in accordance with subparagraph 1, no indemnity shall be paid in respect of the unharvested acreage.

## EVALUATION OF LOSS

5.—(1) The amount of loss that shall be taken into account in the final adjustment of loss in respect of the total insured acreage shall be calculated by multiplying the difference between the guaranteed production and the actual production by the established price per pound.

(2) For the purpose of subparagraph 1, actual production shall include,

- (a) the total orchard run of all insured acreage; and
- (b) the potential production of wholly or partially unharvested acreage where the failure to harvest resulted from a cause of loss not insured against.

(3) Where the insured crop or any part thereof has suffered freeze, hail, hurricane or tornado damage to such an extent that it is unsuitable for sale, it shall not be counted as production.

(4) Notwithstanding subparagraph 3, where freeze, hail, hurricane or tornado damaged plums are sold to a winery or distillery at less than the prevailing price for unblemished fruit, the actual production shall be deemed to be reduced in the

ratio that the salvage value received for the crop bears to the market price for processing plums as set by The Ontario Tender Fruit Growers' Marketing Board.

## NOTICE OF LOSS OR DAMAGE

6.—(1) Where,

- (a) loss or damage to the insured crop results from one or more of the perils insured against; or
- (b) the insured crop or any part thereof is or is intended to be sold on a pick-your-own basis,

the insured person shall notify the Commission in writing prior to harvest in order that a pre-harvest inspection may be made.

(2) Notwithstanding subparagraph 1, where loss or damage to the insured crop results from one or more of the perils insured against and the damage was occasioned at a readily ascertainable time, the insured person shall notify the Commission in writing within the following time limits:

- 1. For hail, hurricane or tornado damage, within three days of the time of loss.
- 2. For frost damage or freeze injury affecting the quality of the fruit, within three days of the time of loss.

(3) Where the insured person fails to notify the Commission pursuant to subparagraphs 1 and 2, a claim by the insured person is invalid and his right to indemnity is forfeited.

MISREPRESENTATION, VIOLATION  
OF CONDITIONS OR FRAUD

7. Where the insured person,

- (a) in his application for insurance,
  - (i) gives false particulars of the insured crop to the prejudice of the Commission, or
  - (ii) knowingly misrepresents or fails to disclose any fact required to be stated therein;
- (b) contravenes a term or condition of the contract of insurance;
- (c) commits a fraud in respect of the insured crop; or
- (d) wilfully makes a false statement in respect of a claim under the contract of insurance,

a claim by the insured person is invalid and his right to recover indemnity is forfeited.

## WAIVER OR ALTERATION

8. No term or condition of this contract shall be deemed to be waived or altered in whole or in part by the Commission unless the waiver or alteration is clearly expressed in writing signed by the Commission or a representative authorized for that purpose by the Commission.

## INTEREST OF OTHER PERSONS

9. Notwithstanding that a person other than the insured person holds an interest of any kind in the insured crop, for the purposes of this contract,

- (a) the interest of the insured person in the insured crop is deemed to be the full value of the crop; and
- (b) except as provided in paragraph 10, no indemnity shall be paid to any person other than the insured person.

## ASSIGNMENT OF RIGHT TO INDEMNITY

10. The insured person may assign all or part of his right to indemnity under this contract in respect of the insured crop but an assignment is not binding on the Commission and no payment of indemnity shall be made to an assignee unless,

- (a) the assignment is made on a form provided by the Commission; and
- (b) the Commission consents thereto in writing.

## ADJUSTMENT OF LOSS

11.—(1) The indemnity payable for loss or damage to the insured crop shall be determined in the manner prescribed by this contract.

(2) The Commission may cause the production of the insured crop to be appraised by any method that it deems proper.

(3) No indemnity shall be paid for a loss in respect of the insured crop unless the insured person establishes,

- (a) the actual production obtained from the insured crop for the crop year; and
- (b) that the loss in production or part thereof resulted directly from one or more of the perils insured against.

(4) Where a loss in production resulted partly from a peril insured against and partly from a cause of loss not insured against, the Commission shall determine the amount of the loss that resulted from the cause of loss not insured against, and the indemnity payable by the Commission under this contract shall be reduced accordingly.

## PROOF OF LOSS

12.—(1) A claim for indemnity in respect of the insured crop shall be made on a proof of loss form provided by the Commission and shall be filed with the Commission not later than sixty days after,

- (a) the completion of harvesting of the insured crop; or
- (b) the end of the crop year,

whichever is the earlier.

(2) Subject to subparagraph 3, a claim for indemnity shall be made by the insured person.

(3) A claim for indemnity may be made,

- (a) in the case of the absence or inability of the insured person, by his agent; or
- (b) in the case of the absence or inability of the insured person or on his failure or refusal to do so, by an assignee under an assignment made in accordance with paragraph 10.

(4) Where required by the Commission, the information given in a proof of loss form shall be verified by statutory declaration.

## ARBITRATION

13. Where the Commission and the insured person fail to resolve any dispute respecting the adjustment of a loss under this contract, the matter shall be determined by arbitration in accordance with the regulations.

## TIME FOR PAYMENT OF INDEMNITY

14.—(1) No indemnity under this contract becomes due and payable until,

- (a) the end of the crop year; and
- (b) the premium has been paid in full.

(2) Where the indemnity payable by the Commission under this contract is established by the filing of a proof of loss form or by an award of an arbitrator or board of arbitration, it shall be paid within sixty days of the receipt by the Commission of the proof of loss form or award, as the case may be.

(3) Nothing in this paragraph prevents the Commission from paying indemnity under this contract at an earlier date.

SUBROGATION

15. Where the Commission has paid a claim under this contract, the Commission is subrogated to the extent thereof to all rights of recovery of the insured person against any person and may bring action in the name of the insured person to enforce those rights.

RIGHT OF ENTRY

16. The Commission has a right of entry to the premises of the insured person that may be exercised by agents of the Commission at any reasonable time or times for any purpose related to the contract of insurance.

17.—(1) Any written notice to the Commission shall be given by delivery thereof or by sending it by mail to the Commission.

(2) Written notice to the insured person shall be given by delivery thereof or by sending it by mail addressed to him at his last post office address on file with the Commission.

IN WITNESS WHEREOF The Crop Insurance Commission of Ontario has caused this contract of insurance to be signed by its general manager but the same shall not be binding upon the Commission until countersigned by a duly authorized representative thereof.

NOTICE OF APPLICATION by the Council of The Corporation of the City of Hamilton for approval of a By-law to change the names of various Highways.

TAKE NOTICE that pursuant to the provisions of Paragraph 97 of Subsection 1 of Section 354 of *The Municipal Act*, R.S.O. 1970, Chapter 284, His Honour Judge William K. Warrender, Esquire, Judge of the County Court of the Judicial District of Hamilton-Wentworth, has appointed Thursday, the 14th day of April, 1977, at the hour of 10.00 o'clock in the forenoon, local time, at his Chambers in the Court House, 50 Main Street East, in the City of Hamilton, in the Regional Municipality of Hamilton-Wentworth, for considering a By-law of The Corporation of the City of Hamilton, for changing the names of highways set forth below as Schedule "A" to this Notice, and for hearing those advocating or opposing the changes of names set forth in the said By-law.

#### SCHEDULE "A"

Bill No. 28

#### THE CORPORATION OF THE CITY OF HAMILTON

#### BY-LAW NO. 77-

#### TO ENACT:

#### A BY-LAW TO CHANGE STREET NAMES

WHEREAS paragraph 97 of subsection 1 of section 354 of *The Municipal Act*, R.S.O. 1970, Chapter 284 does provide that a municipality may by by-law change the names of highways and shall state the reason therefor.

NOW THEREFORE the Council of The Corporation of the City of Hamilton enacts as follows:

1. The names of the following highways shall be changed as follows for the reason set forth:

- (a) From Roanoke Road to Roanoke Place, that part of Roanoke Road extending easterly from Paradise Road, for the reason that the part of Roanoke Road mentioned is on a different alignment to that part of Roanoke Road extending westerly from Paradise Road and is therefore operating as a separate highway;
- (b) From Rifle Range Lane to Rifle Range Road, all of Rifle Range Lane extending south from Iona Avenue, for the reason that Rifle Range Lane is operating as an extension of Rifle Range Road;
- (c) From Avondale Avenue to Avondale Street, that part of Avondale Avenue extending north from Primrose Avenue for a distance of approximately 94.25 feet, for the reason

that part of Avondale Street was erroneously named Avondale Avenue and is operating as a part of Avondale Street;

- (d) From Loconder Street to Loconder Drive, all of Loconder Street extending east of Rexford Drive, for the reason that the part of Loconder Street mentioned is operating as an extension of Loconder Drive;
- (e) From Folkstone Avenue to Folkestone Avenue, all of Folkstone Avenue extending west from Lawson Street, for the reason that Folkestone Avenue was incorrectly spelled Folkstone Avenue;
- (f) From Dunsmuir Road to Vittorito Avenue, all of Dunsmuir Road extending from the eastern City Limits westerly for a distance of approximately 1200 feet for the reason that this will eliminate confusion with "Dunsmure Road" located further to the west;
- (g) From York Street to York Boulevard, all of York Street extending west of Bay Street North, to approximately 1035 feet west of Woodbine Crescent, for the reason that York Street is operating as an extension of York Boulevard;
- (h) From Merrick Street to York Boulevard, all of Merrick Street extending east of Bay Street North to James Street North, for the reason that Merrick Street is operating as a part of York Boulevard.

2. A copy of this by-law certified under the hand of the City Clerk and the seal of The Corporation of the City of Hamilton and the Judge's Certificate, shall be registered in the Registry Office for the Registry Division of Wentworth.

3. The Traffic Commissioner is hereby authorized and directed to affix at the corners of the highways referred to in section 1, on public or private property, highway name-signs bearing the new names of the highways and to maintain the new highway name-signs in proper condition.
